CHAIR'S CORNER

Welcome to the 17th round of the Men's Dettol Central League. A warm welcome to today's opponents, Wellington Olympic, and their supporters — and, of course, a huge welcome to our Petone FC supporters.

Olympic, as always, will be tough opponents today, as they are still in the hunt for the Central League title. The Des Smith Ray White Men's First Team will be up for the challenge. We have shown we can compete with the top teams this season, with a narrow 1-0 loss at home to Napier and a tight 1-1 draw against Miramar proving that, on our day, we are very competitive. Our late defeat against Wests last time out was disappointing, so we have a point to prove. As always, we look forward to watching our boys bring their game and entertain us.

Last weekend was huge for the Argh Me Knees, who won Masters 1 again. Two weeks ago they lost away to Wests in what was, at the time, a top-of-the-table battle. The general feeling was that Wests would go on to win it this year, but with Tawa beating them last week, the door was wide open for our boys. As news trickled through from the Tawa v Wests game, which had started 30 minutes earlier than ours, the excitement grew. We scored the winner and held on for a 2-1 win against Waterside Karori — a great result and a fantastic season for the Argh Me Knees.

Our Reserve Team play Olympic's Reserves in the curtain-raiser at 1:00pm, which should be a great match to start the afternoon. With Olympic sitting in second place in Cap Prem and us in fifth, we will need to be at our best to get a result. If we play to our potential, I'm sure we can get something from the game.

Another highlight last week was our Development Team — the Third Team — securing second place and promotion to Capital 2 next year. We played Stop Out, who were just behind us on the table, and secured a late winner against our arch-rivals to lock in second place. The team plays Brooklyn Northern United at 5:15pm today, so it is well worth sticking around to help the lads celebrate their successful season under coach Richard Kerr-Bell.

In other promotion news, Stews Leftovers in Masters 4 secured promotion a few weeks ago. And, of course, our new Women's Team, the Powerex Sunshine, started in Women's Capital 4 last year, were promoted to Capital 3 this year, and after Round 1 were promoted again to Capital 2. They are now doing well in fifth place — what an amazing story.

Today will bring some great footballing battles, and our home advantage and support need to play their part in spurring our players on to success.

Be loud on the balcony and on the sideline – I know our players hear it and appreciate our support.

POWEREX + PETONE FOOTBALL CLUB

POWERING THE CLUB, SUPPORTING THE COMMUNITY

At Powerex, we've always believed that strong communities are built on strong partnerships. That's why our support of Petone Football Club goes far beyond sponsorship signage — it's about actively contributing to the people and families who make the club what it is.

Football clubs are the heart of local communities. They bring people together, create opportunities for young players, and provide a place where lifelong connections are made. As a proud supporter of Petone Football Club, we wanted to find a way to give back that creates real, lasting value — not just for the club, but for its members too.

A WIN FOR MEMBERS

We know that many households are feeling the pressure of rising energy costs. Solar is one of the smartest long-term investments homeowners can make — reducing power bills, increasing energy independence, and adding value to your home.

Through this campaign, Powerex is making solar more accessible for Petone Football Club members by offering:

- A **\$250 discount** on any solar installation
- Assistance with helping members apply for a low (or zero) interest solar loan from their bank
- Expert design and installation from a trusted local team
- High-quality systems built for long-term performance

It's a practical way for members to invest in their homes while also supporting their club.

A WIN FOR THE CLUB

Every installation through this campaign doesn't just benefit the homeowner — it directly supports Petone Football Club.

For every solar system installed, Powerex will donate **two solar panels** to the club. These contributions will help offset the club's energy costs over time, allowing more resources to be directed where they matter most — players, facilities, and the club's future.

It's about creating sustainability both on and off the field.

WHY WE'RE DOING THIS

At Powerex, we work across electrical, solar, security, and energy solutions every day — but at the core of what we do is people.

This initiative is about:

- Supporting the club that supports its community
- Helping members take control of their energy future
- Creating a long-term, sustainable impact

We see this as more than just a promotion — it's a partnership that grows stronger with every installation.

GET INVOLVED

If you're a Petone Football Club supporter and have been thinking about solar, now is the perfect time to take the next step.

By choosing Powerex, you're not just improving your home — you're giving back to your club at the same time.

PETONE VS OLYMPIC: 100 GAMES PLAYED

When Petone visited Wakefield Park on 16 May this year, it marked the 100th competitive match between the men's first teams of the two clubs.

Their first encounter took place on 11 April 1964, when Olympic was known as Christian Youth Football Club (CYFC). Since then, the two clubs have built a strong rivalry, and not only at first-team level.

When CYFC first came onto the scene in 1959, Petone was already a well-established club, having been formed in 1898, and had the upper hand in the early encounters. By 1994, however, Olympic had drawn level at 14 wins each, and since then it has held the advantage.

Petone has won the Chatham Cup three times, in 1928, 1930 and 1949, but its most successful run in the past 75 years came in 1994, when it reached the semi-final before being beaten 5-1 by Olympic at Newtown Park. The two clubs have met 16 times in the Cup, with Petone's only win coming in 1978. Their 1984 match finished 4-4, with Andy Badrick and Paul Olsthoorn scoring two goals each, before Olympic won on penalties.

Olympic has now won 14 Cup clashes in a row. In recent years, the two clubs have been drawn together regularly, with Olympic knocking Petone out eight times since 2005.

In 2023, Petone proudly celebrated its 125th anniversary, along with 50 years of women's football. As part of the King's Birthday weekend celebrations, Petone hosted Whanganui Athletic in the Chatham Cup and won 2-1. It followed that with a 3-0 win over Western FC, before being knocked out in the fourth round by, you guessed it, Olympic.

Although there have been several seasons when the two clubs' first teams were not in the same division, they have still met 84 times in league games. Olympic leads that contest 44-22, with 18 draws.

Olympic's recent dominance has been clear. Since Petone's 4-3 win in 2011, Olympic has won 27 league games between the clubs, with one draw in 2014 and Petone managing a solitary win, 4-0, in 2023.

We look forward to the two clubs continuing their on-field rivalry today and for many years to come.

THE NEW NATIONAL LEAGUES

New Zealand Football has released updated details of the new women's and men's National Leagues, which are due to start in 2027.

At the end of the 2026 Central League season, there will still be a National League Championship, with the Wellington Phoenix Reserves and the top three other teams in the Central League qualifying for the men's competition. Similarly, Wellington Phoenix and the top two other teams will qualify for the women's competition.

From March 2027, the new National Leagues will become club-based winter competitions. Each league will be played as a double round robin, followed by a finals series and a grand final. Promotion and relegation will operate between the National Leagues and the Northern, Central and Southern leagues, which will continue in their current form.

The women's competition will have 10 teams:

- Reserve teams from Auckland FC and Wellington Phoenix
- The top four teams from the Northern and WaiBoP competitions
- The top two from the Central League
- The top two from the Mainland and Southern competitions.

The men's competition will have 12 teams:

- Reserve teams from Auckland FC and Wellington Phoenix
- The top four teams from the Northern League
- The top three from the Central League
- The top two from the Southern League
- The winner of a play-off series, taking place in September, between the next best team in each of the three regional leagues.

The top ratings in each of the regional leagues will be determined based on combined finishing positions in the respective competitions across the 2022-2026 seasons, weighted:

10% on 2022, 15% on 2023, 20% on 2024, 25% on 2025, 30% on 2026.

THE COMMENTATOR'S CALL

Goals, goals, goals.

They come in many different ways, with very different meanings.

At the start of the season, with Sam Pickering at the helm of the First Team for his inaugural senior appointment, **the first goal was clear**: build a young team, with little Central League experience, that could be competitive now and push toward National League 2027.

For the most part, Sam has succeeded in his quest. Luca Siegel, Ashtun Lake, Leo Gunn, Jarden Parata-French, Liam Boyd-Smith, Cam Healy, Harry Lamont and Harry Graham have all had opportunities to show their capabilities.

With relegation not a threat, Sam has had the freedom to vary his systems and personnel, sometimes enforced by injuries, suspensions, or unavailability, and that has helped his development as a coach too.

The second goal, plainly, is goals themselves. Ultimately though, make no bones about it, the team needs goals. With the departures of Kieran McMinn (18) and Luke Stoupe (5) over the summer, and Jack O'Connor (11) in 2024, the club lost goal scorers capable of scoring 10 goals in a season.

14 goals in 16 league games tells its own story. For a side that can, and often has, dominated midfield for long periods, and for a defence that has generally been resolute, the next step is obvious: the team needs a sharper edge in the final third.

Remove the 5 goals scored against newcomers FC Western in Round 3, and it is actually 9 goals in the other 15 league games.

So the third goal over the summer is clear: find a marquee striker, in the mould of Matt Brazier in 2023, who can help take this hard-working young side to another level.

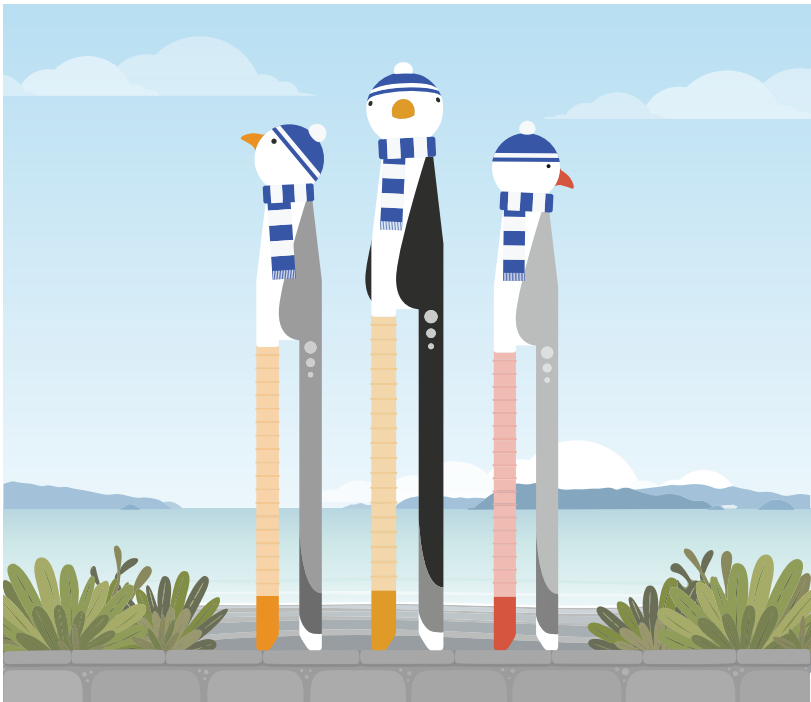

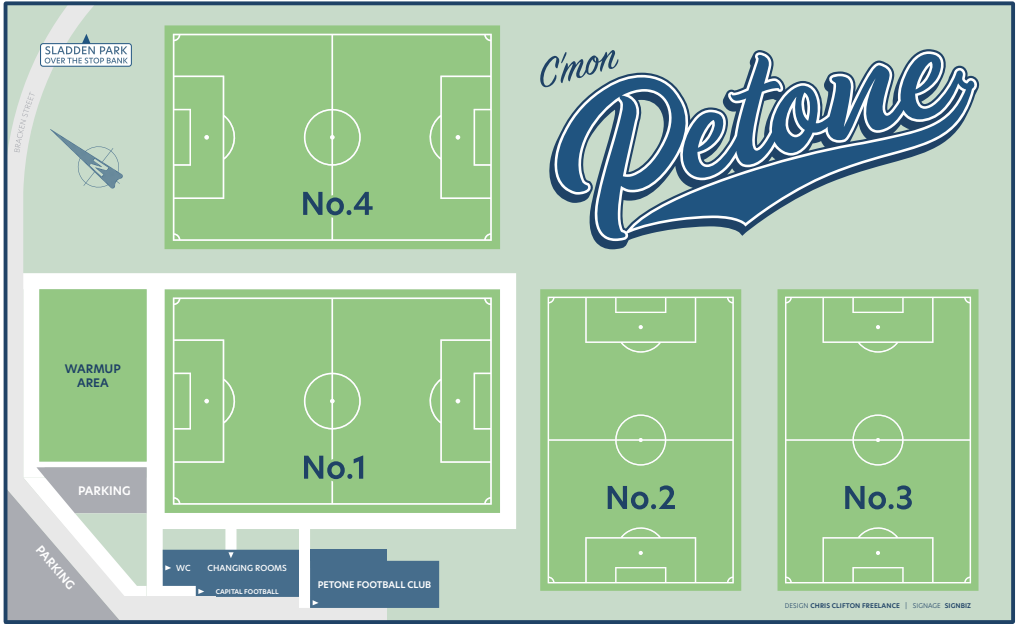

It has been done before. In 1985, Petone signed Grant Turner and narrowly missed out on winning the league. Then in 1990, the coup signing of Mark Wroe helped a team drawn largely from Petone Juniors go on to win the Central League.

We have the facilities, the potential and the desire. **Now the goal is simple**: let's make it happen.

— Paul Ollie Olsthoorn, Petone FC Men's Commentator

- Do you need to sign in when visiting our club?
 - Are you a member of another local football club? No need to sign in.
 - Have you been invited to our club by a member? No need to sign in.
 - Anyone else must sign our visitors' book before we can sell you any alcohol.
- Alcohol can only be consumed in our lounge or balcony. It MUST NOT be taken outside of these areas.

HAIL! HAIL! PETONE'S HERE

*Hail! Hail! Petone's here,
What the hell do we care,
What the hell do we care,
Hail! Hail! Petone's here,
What the hell do we care now!*

*For it's a grand old team to play for,
And it's a grand old team to win,
And if, you know, the history,
It's enough to make your heart go oh, oh, oh, oh!*

*We don't care what the other side say,
What the hell do we care,
For we only know,
That there's going to be a show,
And Petone supporters will be there!*
