CHAIR'S CORNER

Welcome to the sixteenth round of the Women's and Men's Dettol Central League, in which the women play Wellington Phoenix Under 18 Girls, and the men play Western Suburbs FC. Welcome to our opponents and their supporters, and a huge welcome to our Petone FC supporters.

Our Powerex Petone Women's First Team haven't played at home since our Kate Sheppard Cup game vs Waterside Karori on 13 June, and have collected 11 points since their last home league game on 23 May in Round 8. A solid 1-1 draw against Karori and a loss against Wellington United were amongst those games. But a strong 3-1 win over fourth-place Palmerston North United last week will give them some confidence coming into this important game today against Phoenix, who are sitting fifth in the league. A win today will maintain our second place in the league.

Last week Aoife Gallagher-Forbes achieved the magical milestone of 100 first team games — our sixth women's Centurion, which is an amazing achievement. A massive congratulations to Aoife from everyone at the club — please come upstairs after the game for a formal presentation of her achievement.

Des Smith Ray White Men's First Team take on Western Suburbs, who are fourth on the table and will be another tough opponent. In the first round they beat us 0-1 in a very even game that could easily have been a different result, but it was not to be. Our league position certainly does not reflect the quality of football that we often produce, with absolute domination over Karori that did not result in a point, followed up by a real resurgence of form against the high-flying Miramar Rangers in our last home game with a 1-1 draw. That last home game was a great advert for exciting and entertaining football and should give the lads a real boost, bringing that confidence and style into today's game.

The Men's Development Team (second) play the Stonecutters (seventh) at 5:15, which is a nice local derby to finish the day of football on the turf. It will be good to see our up-and-coming young players taking on our old superstars of the past — looking forward to watching that one.

Stew's Leftovers in Masters 4 have secured promotion in second place with two games to go in the season — a new team created under the Stews franchise, with many great new players coming to the club. Well done to all involved in achieving this. The Argh Me Knees are also in the hunt to win Masters 1, and they have a top-of-the-table clash against Western Suburbs Wanderers today — so we'll be watching that result closely.

The Pickering men also achieved a huge milestone for a Petone FC family with their 1,000th Men's First Team game last week when Ollie Pickering took the field against Napier, with cousin Sam also making an appearance as a sub. Read the details in Ray Bell's article later in the programme.

Today will bring some great footballing battles, and our home advantage and support need to play their part to spur our players on to success.

Be loud on the balcony and on the sideline – I know our players hear it and appreciate our support.

A WIN FOR MEMBERS

We know that many households are feeling the pressure of rising energy costs. Solar is one of the smartest long-term investments homeowners can make — reducing power bills, increasing energy independence, and adding value to your home.

Through this campaign, Powerex is making solar more accessible for Petone Football Club members by offering:

- A **\$250 discount** on any solar installation
- Assistance with helping members apply for a low (or zero) interest solar loan from their bank
- Expert design and installation from a trusted local team
- High-quality systems built for long-term performance

It's a practical way for members to invest in their homes while also supporting their club.

A WIN FOR THE CLUB

Every installation through this campaign doesn't just benefit the homeowner — it directly supports Petone Football Club.

For every solar system installed, Powerex will donate **two solar panels** to the club. These contributions will help offset the club's energy costs over time, allowing more resources to be directed where they matter most — players, facilities, and the club's future.

It's about creating sustainability both on and off the field.

WHY WE'RE DOING THIS

At Powerex, we work across electrical, solar, security, and energy solutions every day — but at the core of what we do is people.

This initiative is about:

- Supporting the club that supports its community
- Helping members take control of their energy future
- Creating a long-term, sustainable impact

We see this as more than just a promotion — it's a partnership that grows stronger with every installation.

GET INVOLVED

If you're a Petone Football Club supporter and have been thinking about solar, now is the perfect time to take the next step.

By choosing Powerex, you're not just improving your home — you're giving back to your club at the same time.

WESTERN SUBURBS WINS THE HILTON PETONE TOURNAMENT

Our guests today, Western Suburbs, won the 72nd edition of the Hilton-Petone Tournament earlier this year. This was the club's second win, having also triumphed in 1999.

Wests finished second in its group, behind eventual runners-up Wellington Phoenix, with the following results:

- 4-0 vs Island Bay United
- 1-5 vs Wellington Phoenix
- 3-0 vs Waterside Karori

In the knockout rounds:

- 2-0 vs Tawa
- 3-0 vs Upper Hutt City

The final finished 3-2, with Wests reversing their defeat to the Nix in the group stage.

As winners, Western Suburbs were awarded the Hilton-Petone Cup, and Wellington Phoenix, as runners-up, received the Jack Evans Memorial Trophy.

Coincidentally, Western Suburbs B and Wellington Phoenix B reached the final of the Second Division. Wellington Phoenix B won 4-1, picking up the second Hilton-Petone Cup.

Congratulations to Western Suburbs on winning the tournament!

AOFIE IS OUR LATEST CENTURION

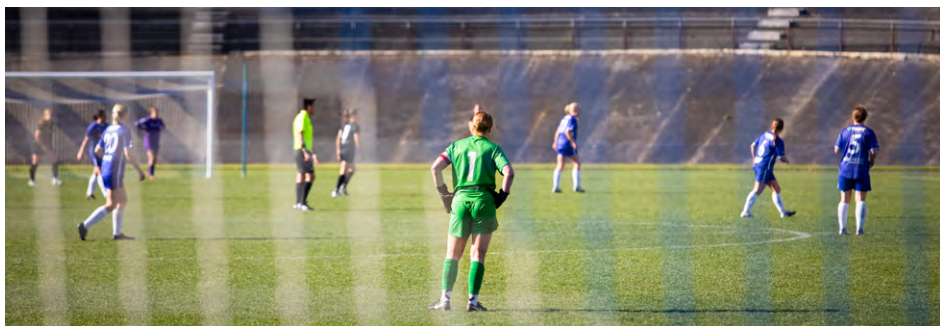

When Aofie took the field in the Central League game against Palmerston North United last Sunday, it marked her 100th league game for Petone.

Since joining our club from Waterside Karori in 2020, she has been our first-choice goalkeeper. In addition to 100 league games, she has played in 11 Kate Sheppard Cup games.

Along the way, Aofie was part of our 2024 Kelly Cup-winning team, and in 2025, when we reached the National Championship round, she was the custodian in 8 of our 9 games.

Congratulations Aofie.

1,000 MEN'S FIRST-TEAM GAMES FOR THE PICKERINGS

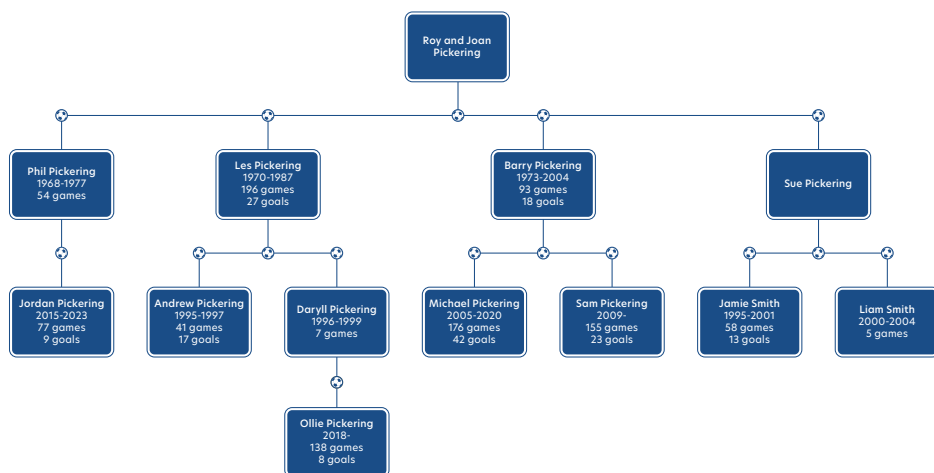

When Ollie Pickering took the field against Napier on 2 August, it marked a remarkable milestone for Petone's most enduring football family. His appearance brought the combined total of men's first-team league games played by descendants of Joan and Roy Pickering to 1,000.

The Pickering family's connection with Petone began in 1959 when Joan and Roy's eldest son, Phil, started playing junior football. From those beginnings grew a family legacy that has spanned generations and made a lasting contribution to the club. Phil progressed to the men's first team in 1968, while his brothers Les and Barry followed in 1970 and 1973 respectively. Their sister Sue also played an important role in the club's history as a founding member of Petone's women's first team during the early years of women's football in Wellington.

The family tradition continued with the next generation. Sue's sons, Jamie and Liam, both represented the men's first team. Les's sons, Andrew and Daryll, followed the same path, as did Barry's sons, Michael and Sam. Phil's son Jordan also added his name to the growing list of Pickerings to wear the club's colours at first-team level.

The torch has now passed to a fourth generation. Daryll's son Ollie is the latest member of the Pickering family to play for Petone's men's first team, ensuring that a legacy which began more than six decades ago continues to thrive.

Reaching 1,000 first-team games is a tribute not only to the longevity of the Pickering family's involvement with the club, but also to the commitment, loyalty and contributions shown by successive generations. Few families can claim such a remarkable record for any club, making this a milestone worthy of celebration for both the Pickerings and Petone Football Club.

THE COMMENTATOR'S CALL

With NZF announcing the set-up of next season's National League format, there are a number of questions and inquiries still under discussion and debate.

The first talking point is the algorithm of how and which clubs qualify for the National League. With a percentage equation, taken over a 5-year period of clubs' success, there was always going to be debate over who should be participating and how many should be included.

The other participation argument is the number from each regional league. The regional league that always feels aggrieved is the Southern League.

Geography and travel costs always count against the Southern League clubs, and their argument is they should have more participants.

There is an opportunity, however, for an extra Southern League club, but it will come via a play-off tournament between the 3rd-placed Southern, 5th-placed Northern and 4th-placed Central clubs.

Then there is the argument of the automatic entry of the two professional clubs' reserve teams who play in the Regional Leagues, Auckland FC and Wellington Phoenix.

The majority of people feel that both these teams should qualify on merit, and not through NZF privilege. I totally concur with that sentiment. It seemed unfair that Miramar Rangers, who finished 4th, missed out on National League 2025 to a team 9 points below them in 5th place.

Promotion and relegation criteria have still not been confirmed, and that in itself creates questions and doubt.

Lastly, the question is on what days the matches will be played. From the many people I've spoken with, the consensus is to play on Sundays or night games.

This allows better opportunities for Saturday playing players to watch the National League, therefore boosting crowd numbers.

Certainly in the heyday of the Rothmans and Air NZ National leagues this was ideal.

The Basin Reserve and Newtown Park was often packed with not only supporters of the respective clubs playing at home, , but many others of the Wellington Football Family.

And the elephant in the room, as always, is cost and sustainability. That is a subject the accountants, treasurer, and sponsors will need to investigate thoroughly.

Having said all that, it's fantastic that NZ will have a true National League, and as a club, let's hope Petone will participate in the near future.

— Paul Ollie Olsthoorn, Petone FC Men's Commentator

To say the Petone Women's Central League side haven't played at home for a while would be an understatement. Their last home game was a Kate Sheppard Cup match on 13 June, nearly two months ago. Since then, a run of away games has produced a 3-0 win over Seatoun, a 10-0 win over Palmerston North Marist, a 1-1 draw with Karori, a 5-0 loss to Wellington United and a 3-1 win over Palmerston North United.

Petone are currently in 2nd place and still in contention for a National League spot with 3 games to go, but are only 1 point ahead of Karori, so they realistically need to win their last 3 games. Winning the league is not mathematically out of the question (7 points behind with a game in hand), but it will be extremely difficult given Wellington United's rich vein of form, bolstered by a number of high-quality mid-season transfers and imports. It's not over till it's over, however, so you never know.

Today's match with the visiting Phoenix Under 18s has significant ramifications for Petone's National League prospects. A win keeps them on track to repeat their first-ever qualification from last year. But a win is not guaranteed, as you never quite know who the Phoenix will field in their Central League team. Sometimes it is a fully Under 18 team, and sometimes they include players from their Reserves side, which makes a big difference.

Lastly, a big congratulations to Aoife Gallagher-Forbes, who played her 100th match last week. It is an amazing achievement, and one which I'm sure will be celebrated in the clubrooms afterwards.

— Steve Gibbs, Petone FC Women's Commentator

OUR RULES

- Do you need to sign in when visiting our club?
 - Are you a member of another local football club? No need to sign in.
 - Have you been invited to our club by a member? No need to sign in.
 - Anyone else must sign our visitors' book before we can sell you any alcohol.

The kitchen remains operational on busy nights until 6:30 PM; however, it will close after the speeches.

Kitchen closed?

You can purchase frozen pies from behind the bar, and one of our friendly staff can heat it for you.

HAIL! HAIL! PETONE'S HERE

*Hail! Hail! Petone's here,
What the hell do we care,
What the hell do we care,
Hail! Hail! Petone's here,
What the hell do we care now!*

*For it's a grand old team to play for,
And it's a grand old team to win,
And if, you know, the history,
It's enough to make your heart go oh, oh, oh, oh!*

*We don't care what the other side say,
What the hell do we care,
For we only know,
That there's going to be a show,
And Petone supporters will be there!*
